

This update is all about our thankfulness. We are blessed to have all of you as friends, family, and fellow Christians. We finally got the container shipped and freed from the port and customs. I will not go into detail but know that the container was on our heart for about five years and the final process took months, too much money, and far too much stress. By no means do we have any desire to do this process again any time soon.

Thanks to *“Gorden and Shirley with Farming Gods Way”* for solar panels, 60 beds, and letting us use your property for storage and shipping.

Thank you to *“Renew, Secondhand Store”* for the over 100 wedding dresses, dozens of sports equipment and the many other miscellaneous ministry items.

A huge thank you to our *“Great Aunt Pearl”* for your funding and your endless prayers. -You are amazing!!

Thanks to *“Roger and Ronda (my parents)”* as well for everything (you know what you did!)

Thank you to the *“Jackson Family”* for helping us load, unload and reload the container.

Thanks to *“Don Nichols and his church”* for donating hundreds of bibles.

Thank you to *“Pastor Raul and Church”* for so many things but especially for dropping everything to help us find a crane in the middle of the night and unloading the container early the next day!

Thank you to *“my daughter and wife”* for keeping me sane.

And we sincerely thank all of those who donated to this huge project! Be it supplies, money or your prayer, we could not have done it without you.

God is wonderful and has truly blessed us with wonderful people.
